BRANDED INGREDIENTS

Akbamax™

AKBAMAX is derived from Boswellia gum resin, a traditional remedy used for millennia. It's prepared by extracting oleogum resin and standardized to contain at least 10 % AKBA. The resulting off-white to pale yellow powder is insoluble in water. 500 - 1000 mg/day.

AsolQuTen®

AsolQuTen® disperses well in water at optimized concentrations around 300 µg/ml, facilitating higher bioabsorption and enabling lower dosages. Additionally, it's not classified as a novel food. 60 - 150 mg/day

ATA Mg®

Unique and innovative Mg+Taurine with high bioavailability. Clinically tested for stress management, anxiety, migraine and premenstrual syndrome symptoms. 800 mg/day.

BCM-95™ (Curcugreen™)

Curcugreen's unique blend enhances curcumin absorption, potentially offering greater effectiveness in managing conditions like inflammation and osteoarthritis. Made from 100 % natural turmeric extracts, it's safe and lacks synthetic ingredients. 500 - 1000 g/day.

BosNext®

BosNext® is a potent boswellia extract with over 40 % AKBA, made highly absorbable through Self-D technology. It boasts enhanced bioavailability, neutral taste and smell, and clinical support for joint health, requiring a smaller daily dose of just 100 mg compared to generic alternatives. 100 mg/day.

CaffXtend®

Caffeine chrono-release for 12h. Improves concentration and increases sports performance. Eliminates energy peaks and energy dips. 400 mg/day

C-Fence

C-Fence is a 24-hour optimized Vitamin C product suitable for capsules and tablets, providing sustained support with consistent plasma concentrations. Its unique technology allows for periodic release, offering improved benefits at a lower dose, and it's made without excipients or complex processes, using a single-step direct compression method. 500 - 1000 mg/day.

Capsimax

Capsimax is a concentrated extract of capsaicinoids from red chili peppers, known to promote energy production, support healthy body composition, and induce thermogenesis. Studies have shown up to 500 mg to be tolerable and safe, offering potential benefits for weight management. 100 mg/day.

CollaGEM-V®

Planted-based collagen booster with natural vitamin C. Provides the necessary nutrients to synthesize collagen in the body (type I and III). 1500 mg/day.

Eriomin

Lemon bioflavonoids blend scientifically proven to boost GLP-1 expression, promoting insulin and short-chain fatty acids production. It also helps to maintain a healthy inflammatory response. 200mg/day.

Garlzac®

Garlzac® is a patented aged black garlic extract, 100 % natural and solvent-free, with ≥ 0.5 % SAC, made using SELF-D technology for high bioavailability. It offers the lowest dose on the market and lacks a strong garlic odor. 500 mg/day.

Ginfort®

Ginfort® is a potent ginger extract powder, clinically proven effective for treating dyspepsia and dysmenorrhea. It's solvent-free, meets European guidelines for impurities, has a convenient 100 mg dose per capsule, and is patented in multiple countries. Primary dysmenorrhea: 200mg/day. Functional dyspepsia: 300mg/day.

Ginger

Ginger is a high-potency SCFE extract that offers the full benefits of ginger in a cost-effective, small dose. Utilizing UltraSOL™ technology, it provides versatility for various applications such as beverages, stick packs, and gummies. 120mg/day.

BRANDED INGREDIENTS

KSM-66 Ashwagandha®

The most studied and certified root extract, is used in over 48 formats, boasting superior taste neutrality and solubility. With extensive safety studies, it's proven to reduce stress, enhance cognitive function, improve sleep quality, boost endurance and immunity, and enhance sexual health and testosterone levels. 250 - 600 mg/day.

Levagen®

High-quality Palmitoylethanolamide supports joint function, restful sleep, healthy inflammation, muscle recovery after exercise, and immune health. 300 mg/day.

Levagen+®

Levagen+ is a cold water dispersible Palmitoylethanolamide (PEA) utilized for joint pain and sports inflammation, developed with Lipisperse® technology. It acts as an endocannabinoid receptor agonist, promoting relaxation, restfulness, and good quality sleep. 175 - 350 mg/day.

Lutemax2020

Lutemax2020, essential for eye health, filters blue light and supports cognitive function by accumulating in brain areas linked to learning and cognition. Clinically proven, it reduces stress by lowering cortisol levels, promotes relaxation, and enhances mental and emotional well-being. 20 mg/day.

Melotime™

It releases 50 % (instant release) of melatonin in the first hour after intake (sleep induction) and the remaining 50 % slowly over the next 7-8 hours for sustained sleep (slow release). 4.2 mg/day for 1.9 mg/day melatonin.

NatraFerrin™

NatraFerrin™ is sourced from fresh Australian milk, directly obtained from local farms where cows have year-round access to pastures and predominantly feed on grass. 95 % lactoferrin. Antimicrobial and antiviral. Helps capture of iron. 200 mg/day

Shoden™

Ashwagandha somnifera dry extract with 35 % withanolide glycosides offers stress relief, improves sleep, and boosts testosterone levels. With high bioavailability, it's suitable for various applications and recommended at 60-120 mg, one to two times per day. 120 - 240 mg/day.

TetraSOD®

The most potent natural source of SOD in the market, with over 30,000 IU/gr, derived from marine origin, is gluten-free, sustainable, non-GMO, and grown under patented technology, holding EFSA Novel Food approval. It serves as the first line of defense against oxidative stress, supported by in vivo and in vitro clinical studies, with low dosage requirements for promoting cellular health. 10 - 25 mg/day.

USPlus®

USPlus is a standardized Lipidosterolic Extract of *Serenoa repens* sustainably sourced from Florida, harvested during August and September for optimal fatty acid profiles. Extracted using patented supercritical CO₂ technology without co-solvents, it's clinically proven and holds the United States Pharmacopeia Ingredient Verification Program. 320 mg/day.

VIVATIS PRODUCTS

Greenluronic (Organic)

Next-generation high-molecular weight vegan hyaluronic acid extracted from *Tremella* fungus. Scientifically proven to reduce inflammation and to stimulate cell proliferation of chondrocytes, helping to maintain cartilage health and homeostasis, and to support skin cells regeneration, improving skin elasticity and reducing skin ageing. Skin: 100 mg/day. Joints: 220 mg/day.

RRM®

Red Yeast Rice (RYR) with a standard total. monacolins value of 1,5 %, 3 %, 5 % and 10 %. Complies with new european guideline.

VIVA W8

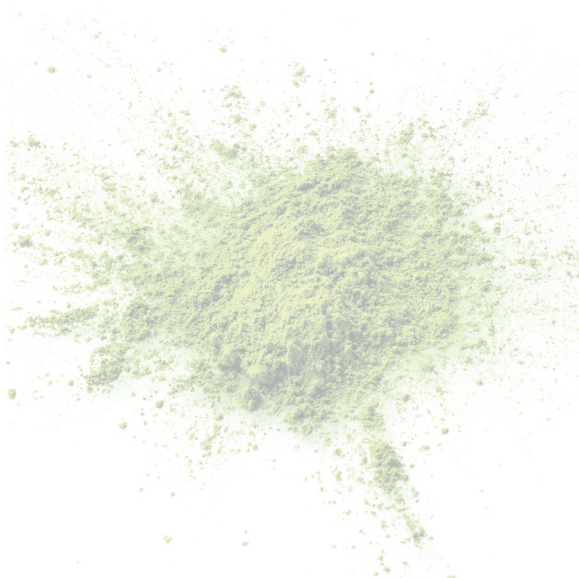

New Ready to Drink concept with Konjac Glucomannan for weight management. Mix it with endless possibilities: MCT, coffee or milk. 1g x 3/day.

OTHER PRODUCTS

Hexedra+

Hexedra+ is an approved medical device class IIa according to the MDR regulation. Hexedra+ as nasal spray is recommended to prevent infection from pathogenic microorganisms (viruses, bacteria) transmitted through the nasal mucosa.
